AMENDMENT

In response to the Office Action dated 19 September 1997,  
please amend the above-entitled application as follows:

IN THE SPECIFICATION

5 Page 1, line 1, In the title, after "Chamber" insert --  
Fireplace --

Page 13, after line 22, add the following paragraph:

10 -- When the fireplace chamber 11 shown in Figures 1  
to 5 and 11 is molded as a one piece unit on a forming mold,  
care must be taken so that the uncured combustion chamber is  
not distorted. This is preferably accomplished by pre-drying

permits sealing or spraying before final drying.--
